

Markley Marine

Your Family
Belongs Here.

Raise Your Expectations

Public restaurants, sales showrooms, and gas docks may be nice, but they compromise your security. Our 24 hour security personnel and cameras will provide you with peace of mind, and your guests with directions to your well. A roving guard at night will ensure that you and your loved ones – including your boat – are safe.

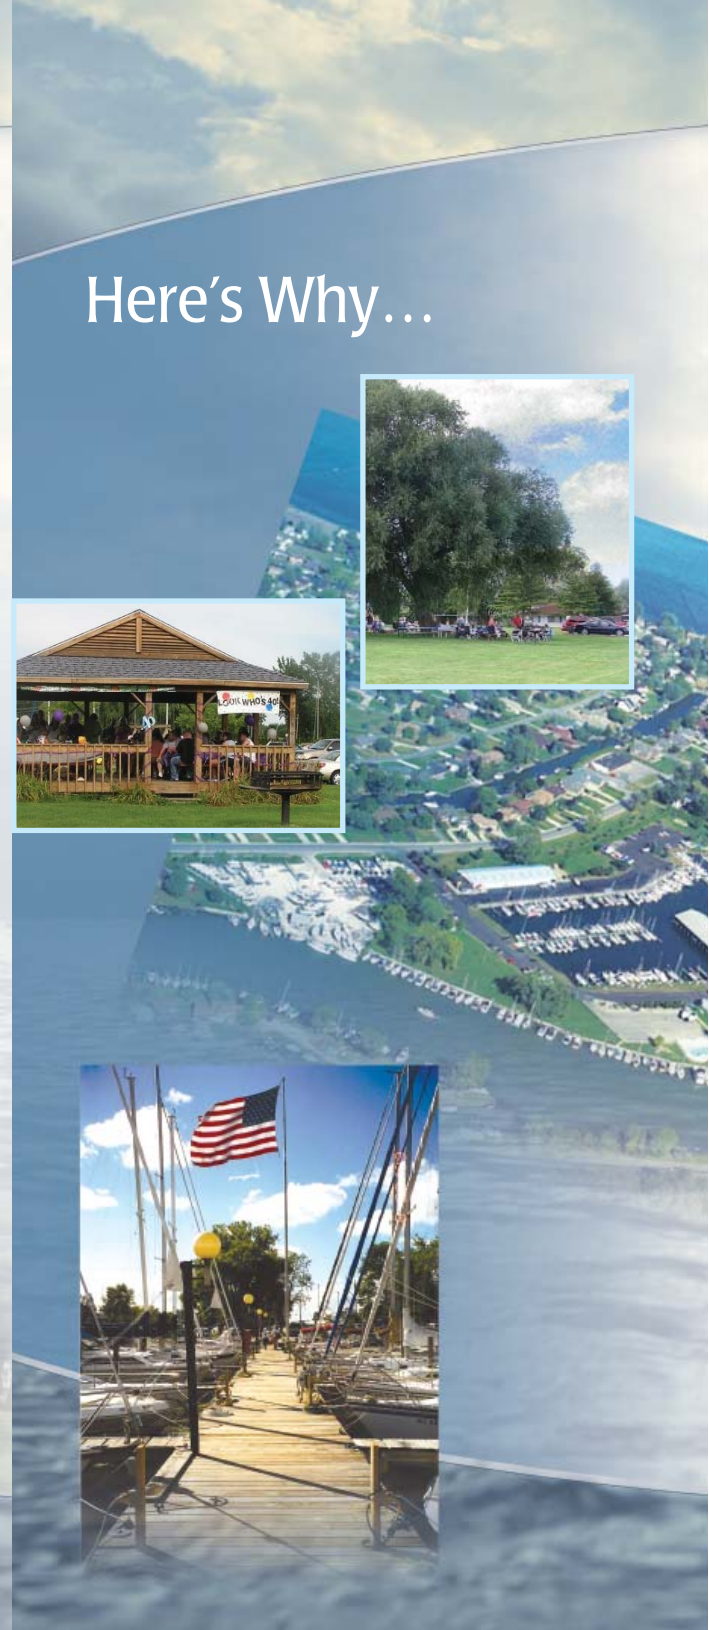

What Makes Us Different?

As you drive in, you'll notice something different about Markley. Lots of green grass. Acres of it, in fact. Our boaters demand a marina that is much more than a dock and a parking lot. We have lots of drive up wells too, but many of our boaters love being next to grassy areas. Either way, you'll find a neighborhood you'll love.

Welcome To Your Private Park

On a hot summer day, you'll find children playing on playstructures, or throwing around a baseball or frisbee. You'll find adults cooking hamburgers on one of our many grills, playing sand volleyball, or a pick up game of touch football. On summer nights you'll find tents, campfires, and flashlight tag. Dogs are welcome too!

Here's Why...

Raise Your Expectations

Public restaurants, sales showrooms, and gas docks may be nice, but they compromise your security. Our 24 hour security personnel and cameras will provide you with peace of mind, and your guests with directions to your well. A roving guard at night will ensure that you and your loved ones – including your boat – are safe.

What Makes Us Different?

As you drive in, you'll notice something different about Markley. Lots of green grass. Acres of it, in fact. Our boaters demand a marina that is much more than a dock and a parking lot. We have lots of drive up wells too, but many of our boaters love being next to grassy areas. Either way, you'll find a neighborhood you'll love.

Welcome To Your Private Park

On a hot summer day, you'll find children playing on playstructures, or throwing around a baseball or frisbee. You'll find adults cooking hamburgers on one of our many grills, playing sand volleyball, or a pick up game of touch football. On summer nights you'll find tents, campfires, and flashlight tag. Dogs are welcome too!

Come On In, The Water's Fine!

You'll find relief from the heat in our heated pool. Your kids can spend hours splashing around with their friends, and you can enjoy a good book in one of our sun chairs. You'll be just steps away from one of two bath houses which are heated year round. And yes, laundry machines are here too.

Make Memories Here

Coffee and donuts, Customer Appreciation Day, and the famous Festival of Lights Parade are but a few of the fun events here at Markley. Our spacious gazebos can be reserved at no charge for that special party or outing. Your boat or sail club is welcome here!

Wanna Test Drive Us?

Overnight Dockage is available for only \$1.00 per foot. We offer both 30 and 50 Amp dockside power, and water at every slip. We're only 15 minutes from the mouth of the Clinton River, and there's no problem with water depth. With 500 boat slips, both open and covered, we're the largest marina on the Clinton River.

Every Cloud Has A Silver Lining

Boats break. Don't panic though. Blue Water Marine, which has been serving boaters from its South River Road location since 1975, is now here at Markley. Our boaters enjoy exclusive discounts and priority service on engine repair, parts, tune ups, propeller reconditioning, and winterizing.

All Good Things Must End

When winter sets in, you're set. We provide a range of storage options: outside, inside an unheated building, inside a heated building, or outside in a bubbled well. You choose. Shrink wrapping and engine winterization are just a phone call away.

You Deserve The Best. For Less.

Think you'll overpay at Markley Marine? Think again. On top of our very competitive rates for summer dockage or annual storage, we offer additional savings to our new customers. Our boaters also enjoy exclusive discounts at local gas docks, restaurants and party stores.

Easy to find. Easy to Like.

Take I-94 to Exit 237 North River Road. Turn left on North River Road, and go about 2.5 miles. Markley Marine will be on your right. By boat, we're about one mile from the mouth of the Clinton River. Turn at the Markley Marine sign on your right at the first big bend in the river. Look for the big American flag!

GPS coordinates are 42° 35.73N, 82° 47.96W.
